SKYLOTEC
Industry-born. Sports-driven.

Data sheet

STANDARD ROLL 2L

GENERAL

Art. no.:	H-072	E-class number:	40-02-01-90
EAN:	4030281025191	Customs no.:	84311000
Standard:	EN 12278:2007		

SKYLOTEC
Industry-born. Sports-driven.

Data sheet

STANDARD ROLL 2L

Rope pulleys are essential for routine operations involving the rescue and transportation of persons. Rope friction is reduced and the transported load is moved more easily by means of pulley blocks. SKYLOTEC rope pulleys are fitted with ball bearings and are made of aluminium. All pulleys comply with EN 12278 and UIAA 127 and are manufactured in the EEC. High quality is also
reflected in their design. The mould design ensures minimal material use and lightweight design of the rope pulley.

FEATURES

Colour:	orange
Breaking load, major axis: 32,00 kN	
Max. working load:	2,00 kN
Max. service life:	30 Years
Area of application: Fire brigade / Rescue / Special Forces, Rope Access / Rigging	

DIMENSIONS

Size:	147 x 70 x 27mm
Hole diameter:	27 mm
Weight:	0,21 kg

MATERIAL

Material:	Aluminium
