Data sheet

DOUBLE TWIST

With the patented carabiner series DOUBLE, SKYLOTEC provides a solution for all those who work and climb left-handed or use both hands. With the innovative design (180° spring rotation), the sleeve that closes the gate can rotate easily in both directions. Conventional Twist / TriLock carabiners can be turned only to the right; therefore, they are more difficult to use left-handed.

- innovative 180° technology
- for all those who work and climb left-handed or use both hands
- meets both mountaineering and industry standards

GENERAL

Internat. standard: UIAA 121

FEATURES

Colour: dark grey

Breaking load, major axis:
24,00 kN

Breaking load, minor axis:
7,00 kN

Breaking load, open: 8,00 kN

Max. opening: 26 mm

Max. service life: 30 Years

Area of application:

Fire brigade / Rescue / Special Forces

DIMENSIONS

Size: 112 x 76mm

Weight: 0,10 kg

HARDWARE

Locking system: Twist

MATERIAL

Material: Aluminium
