E-class number:	40-02-01-05
Customs no.:	76169990

## Data sheet

# DOUBLE TWIST

DOUBLE TWIST, the new generation of HMS carabiner with 180 ° technology and smooth dual-locking mechanism for even more convenience and operational freedom - turn and open.

With the new carabiner series DOUBLE, SKYLOTEC has now an answer for all those who work and climb left-handed or use both hands. With the innovative design (180° spring rotation), the sleeve that closes the gate can rotate in both directions. Conventional Twist/TriLock carabiners can be turned only to the right; therefore, they are more difficult to use for left-handers. Can be used in accordance with mountaineering and industry standard.

### GENERAL

Internat. standard:	UIAA 121
---------------------	----------

---

### FEATURES

Breaking load, major axis:	24 kN
----------------------------	-------

---

Breaking load, minor axis:	8 kN
----------------------------	------

---

Breaking load, open:	8 kN
----------------------	------

---

Max. opening:	26 mm
---------------	-------

---

### DIMENSIONS

Size:	112 x 76mm
-------	------------

---

Weight:	0.09
---------	------

---

### HARDWARE

Locking system:	Twist
